DETAILED ACTION

1. Claim 17 has been cancelled.
2. Claims 1-16 and 18-21 are pending.

Drawings

3. The drawings were received on 03/16/2006. These drawings are acceptable.

Allowable Subject Matter

4. The following is an examiner's statement of reasons for allowance: Applicant discloses a multi-tiered system for retrieving data from a Content Addressable Storage (CAS) system using Object Identifiers (OID). Further, Applicant teaches an improvement over the Prior Art of record that allows older/legacy applications to continue using an application-level LBA/LUN combination with an OID-based CAS system. The Prior Art of record does not teach or fairly suggest allowing both OID and application-level LBA/LUN combination look-up within a multi-tiered CAS applying hashing and rehashing algorithms. As argued in Applicant's response to the Office Action dated 16 December 2005, Odom et al. in combination with Harrington et al. and Harrison does not provide an obvious combination of using an application-level LBA/LUN combination with the claimed CAS system.
5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
